GPA: 3.47/4.00

Bekasi, Indonesia
Expected 2028

Relevant Coursework: Digital Innovation, Artificial Intelligence, IT Governance and Security, Database, Enterprise Business Process, Information Systems Management, Strategy and Acquisition, Algorithm and Programming

EXPERIENCE

TaniVeri Pitch Deck Project

Product Design Team Leader

Indonesia
2026

- Contributed to an agritech platform concept focused on food traceability, farmer welfare, and supply chain efficiency.
- Analyzed user problems related to price instability, inefficient distribution, transparency gaps, and farmer dependency on middlemen.
- Created UX and product materials, including user personas, empathy map, user journey map, solution mapping, wireframes, and prototype concept.
- Supported pitch deck development by clarifying the business problem, proposed solution, platform workflow, and product value proposition.

PulihBersama UX Design Proposal - HackFest: Code For Humanity

UI/UX Team Leader

Indonesia
2026

- Contributed to a mobile peer-support platform concept designed to provide anonymous and inclusive mental health support in Indonesia.
- Defined user problems related to stigma, limited access to professionals, high counseling costs, and youth mental health challenges.
- Designed UX components such as user flow, navigation structure, target user analysis, lean canvas, and prototype screens.
- Supported usability testing documentation and design iteration based on user feedback to improve clarity and user experience.

Future Self AI Web App Project

Product Builder and Case Study Creator

Indonesia
2026

- Built and documented an AI-powered personal growth web app focused on daily missions, habit tracking, reflection, badges, and future-self letters.
- Designed product flows and feature concepts to help users connect daily actions with long-term personal goals.
- Created a product case study explaining the user problem, solution, key features, and product value proposition.

LEADERSHIP & ACTIVITIES

Bina Nusantara University

Freshmen Partner

Bekasi, Indonesia
2025 - 2026

- Guided new students during their transition into university life through academic, campus, and peer support activities.
- Assisted freshmen in understanding university systems, class activities, campus culture, and student responsibilities.
- Communicated regularly with assigned freshmen to answer questions, share information, and help them adapt to the academic environment.
- Strengthened communication, leadership, problem-solving, and time management skills through direct mentoring activities.
